DESCRIPTION

The Powerbam MO9673 is a compact bamboo-cased powerbank designed to recharge smartphones and small devices. Its slim, rectangular form (10 x 2.4 x 2.4 cm) makes it easy to slip into a pocket or bag. It provides a DC 5V / 1A output, an indicator light and includes a micro-USB cable with a Type-C connector. Bamboo is a natural material with slight variations in grain and tone, giving each unit a unique appearance.

The wooden casing shows smooth faces and subtly rounded corners as shown in the photo, with the ports and indicator placed on one end for convenient access. The elongated shape offers a secure handhold and integrates neatly into corporate kits or event giveaways.

Order this personalised powerbank with laser engraving, pad printing or digital printing. Minimum order: 30 pieces. Suitable for companies, sports clubs, associations, events and private customers; free quote within 24 hours on weekdays and option to collect from our Evere studio or have it delivered in Belgium, France and Luxembourg.
