DESCRIPTION

The Snow&Ice car accessory combines a PET brush head with soft bristles and an integrated ABS ice scraper, plus an ergonomic handle for a secure grip. Measuring 58 x 4 x 17 cm, it’s designed to clear snow and frost from windows and mirrors quickly, suitable for occasional or regular use. Care is low-maintenance: rinse after use and air dry.

The elongated shape and textured handle allow effective scraping without slipping, while the brush covers a practical width for fast snow removal. Its compact dimensions make it easy to store in the boot or under a seat for emergency use.
