DESCRIPTION

Personalised computer accessory in bamboo, designed as a stand with a double coil wireless charger for a single device. The bamboo casing gives a natural, tactile finish and may show slight variations in grain and colour typical of a natural material. Its compact size (7.1 x 8 x 11.4 cm) makes it practical for desks and reception areas.

The angled panel serves as a support to keep a phone upright while charging; rounded edges and a stable base improve handling and stability. Care is straightforward: wipe with a soft cloth and avoid aggressive cleaners to preserve the bamboo surface.

This personalised computer accessory can be marked by laser engraving or pad printing for a neat, durable logo. Minimum order: 20 pieces (colours and sizes combined). Suitable for companies, sports clubs, associations, events and individuals looking for a useful, eco-friendly promotional gift.
