Reference	9702
Composition	Soda-lime glass
Material	Soda-lime glass
Average weight	0.168
Dimensions	5 x 5 x 22 CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

The Aroma diffuser is a compact 5x5x22 cm fragrance unit with a soda–lime glass bottle topped by a beech wood cap. It holds 30 ml of lilac-scented oil and includes three reeds for continuous diffusion. The frosted glass and natural wood top give a discreet, warm look; wood tone may vary between items as it is a natural material. Care is straightforward: avoid prolonged immersion of the wood and place the diffuser on a stable surface.

The narrow neck and elongated shape promote a gradual release of scent through the reeds. Its compact dimensions make it suitable for offices, receptions and small event spaces. The wooden cap absorbs some oil, which helps disperse the fragrance effectively.

Customisation available by laser engraving or pad printing on the wood or glass, according to the desired finish. Minimum order: 25 pieces (colours and sizes combined). Perfect for businesses, retailers, events, associations, clubs and gift campaigns for individuals — we provide free weekday quotes and our studio can retouch or vectorise your logo.
