DESCRIPTION

The Plateado enamelled metal mug holds 350 ml and is designed for everyday use indoors or outdoors. With dimensions of 11 x 8.5 cm and a sturdy, easy-to-grip handle, it offers practical comfort. The enamel coating creates a smooth finish that cleans easily but should be treated with care to avoid chipping from hard impacts.

The exposed metal rim and classic cylindrical profile give a vintage look and make pouring straightforward. Gentle hand-washing is recommended to preserve the enamel and any decoration; aggressive machine washing can shorten the finish's lifespan.

This item is suitable for professional and association orders: personalised mug via laser engraving, screen printing on objects, sublimation or pad printing. Minimum order: 40 pieces (colours and sizes combined). YourVisualHere provides a graphic studio to vectorise or refine logos, free quotes within 24 hours on weekdays, collection at our Evere workshop or delivery across Belgium, France and Luxembourg.
