DESCRIPTION

This Poty Wood rectangular keyring in wood is made for everyday use: compact dimensions (4.5 x 3 x 0.7 cm) that slip easily into a pocket or bag. The rectangular shape with rounded corners and a wooden plaque provide a natural feel in the hand; the metal split ring secures keys reliably. Material: wood, easy to care for with a damp cloth and air-drying.

The finish shows the wood grain and features smoothed edges for comfortable handling. The metal ring and small connector attach the plaque to the keyring without unnecessary play. Its compact size and understated design make it suitable for a wide range of promotional uses.

Have this personalised keyring customised by DTF printing, doming, laser engraving or pad printing depending on the desired effect. Ideal for companies, sports clubs, associations, events and individuals. Minimum order: 250 pieces (colours and sizes combined).
