DESCRIPTION

The Sonora Pluscork notebook is a compact, personalised notebook designed for meetings, note-taking and corporate gifting. The spiral-bound model measures 18 x 13 x 0.7 cm and features a flexible cork cover with a reinforced spine for comfortable handling and durability. Inside are 140 lined pages (70 sheets) made from recycled paper, and a matching push-button ballpen with a cardboard barrel and PLA details is held by an elastic pen loop. Cork is a 100% natural material and, because of its texture and porosity, print results may vary slightly between items.

Visible details include the black spiral binding, a reinforced spine edge and the elastic pen loop that secures the pen. Its compact proportions make it easy to carry in bags or folders, while the cork surface gives a natural, eco-aware look consistent with the recycled paper pages.

Customisation options: embossing, laser engraving, screen printing on object and pad printing. This promotional object cannot be ordered per piece; minimum order: 50 pieces (colours and sizes combined). Suited to businesses, clubs, associations, events and corporate gifts.
