DESCRIPTION

The Veggie reusable mesh shopping bag is designed for light shopping and storage. It combines a woven cotton side with a cotton mesh side for structure and breathability, and closes with a drawstring cord. Size: 30 x 40 cm. The model is available in several colourways (including beige) and is suitable for carrying produce or offering goods in retail settings.

Visible details include neat stitching and knotted drawcord ends; the mesh side allows airflow and quick drying. Lightweight and easily foldable, the bag slips into a larger bag for everyday use and transport.

Customize this personalised shopping bag using flex, screen printing, multicolour transfer or DTF printing. Minimum order: 100 pieces (colours and sizes combined). Our in-house graphic studio can retouch or vectorise your logo. Recommended for companies, sports clubs, associations, events and retailers seeking a reusable promotional item.
