Dimensions	5,7 x 1,9 x 0,9 CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

16 GB USB flash drive with a metal swivel cover, designed for corporate giveaways and event merchandise. The body is made from a 50/50 blend of wheat straw and PP, giving a subtle textured feel and a natural appearance; the rotating metal clip protects the connector. Compact size (5.7 x 1.9 x 0.9 cm) makes it convenient on a keyring or in a pocket. Care is simple: wipe with a dry or slightly damp cloth.

The drive shows a minimalist form with a rounded end and a keyring hole. The biocomposite casing is rigid enough for everyday use while keeping a warm, organic look. Available in 1 colour, for example beige.

Customisable by pad printing, screen printing and digital printing on items, this USB drive is suitable for companies, associations, clubs and events looking for a practical, eco-minded giveaway. Minimum order: 50 pieces (colours and sizes combined); smaller runs are possible with additional fees. Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg. Our studio can retouch or vectorise your logo.
