DESCRIPTION

This Bamboo 3-in-1 cable keyring is a compact phone accessory made from FSC®-certified bamboo, designed for everyday convenience. Its rectangular wooden block attached to a keyring keeps three flat cables together and is easy to carry on a keychain. The set includes USB-A to Micro-B and Type-C connectors, and measures 12.5 x 2.7 x 0.8 cm, providing a practical way to charge multiple devices on the go.

The natural bamboo finish results in slight variations in grain and appearance, so each item is distinct. The metal ring provides secure attachment and the flat cables help prevent tangling and simplify storage. Care is straightforward: wipe with a dry or slightly damp cloth and avoid prolonged immersion to protect the bamboo and the electronic parts.

Customization options include digital print, doming, laser engraving and pad printing. Suitable for companies, sports clubs, associations, events and individuals looking for a personalised phone accessory. Minimum order: 125 pieces (colours and sizes combined); free quote within 24 hours on weekdays and an in-house design studio can prepare or vectorise your logo.
