DESCRIPTION

Compact wireless phone stand and charger delivering 10 W output via dual coils; place your smartphone upright on the Layaback to start charging (DC5V/2A). Made from ABS with 35% wheat straw, it has a subtly textured surface and small footprint (6.5 x 8.5 x 11 cm) suitable for desks or bedside tables. Wipe clean with a damp cloth. Available in 1 colour (beige).

The stand features a stable tilt and a low lip to keep the phone in position without obstructing touch controls. Rounded edges and a compact profile make it practical for daily professional use while the partially bio-based composition gives a discreet, natural look. The photo confirms its compact proportions and neat finish.
