DESCRIPTION

Unisex bamboo salad spoon, model Mayen, designed for mixing and serving. Dimensions 30 x 6 x 0.6 cm with a shallow bowl suitable for sauces and mixed salads. The spoon is made from natural bamboo, so colour and grain will vary between items. It has a smooth, sanded finish that gives a comfortable grip; hand-washing and air-drying are recommended to preserve the material.

The handle is straight with a drilled hole and attached cord for hanging storage. Visible details show rounded edges and a fine finish, making it practical for everyday use without damaging non-stick cookware.
