## DESCRIPTION

The Dakai is a bamboo bottle opener that doubles as a coaster, supplied as a round disc (Ø7.8 x 1 cm). Its low-profile, solid shape provides stability for a glass while incorporating an integrated opener. Bamboo is a natural material, so slight variations in colour and grain may occur between items.

The smooth top and tidy edges give the piece a refined feel and make it discreet on a table or bar. Its compact size makes it convenient for events and corporate gifts. To maintain the bamboo’s appearance, clean gently by hand.
