Carton	150 pieces

DESCRIPTION

The Whippy bamboo phone stand is a compact, eco-conscious accessory for desk and home use. Made from natural FSC®-certified bamboo, it assembles from two interlocking parts to create a gently angled support for smartphones. Its slim footprint (14 x 8 x 0.7 cm) makes it easy to move and store, while natural grain and colour variations are to be expected from piece to piece.

The simple profile shows a smooth finish and rounded edges; the front lip holds the device securely in position. The stand is a passive accessory with no integrated charging features, suited to hands-free calls, video meetings and general screen viewing at a comfortable angle.

Have this personalised phone stand decorated by laser engraving, digital printing, doming or pad printing. Minimum order: 75 pieces (colours and sizes combined); lower quantities may be possible with additional fees. Recommended for companies, clubs, associations, events and corporate gifts — our graphic studio can retouch or vectorise your logo before production.
