| **Carton** | 1000 pieces |

## DESCRIPTION

Unisex ballpoint pen with an antibacterial ABS body, shaped for comfortable handling thanks to a slightly contoured profile and a reinforced grip area. The pen contains a nano-silver additive that helps prevent bacterial colonisation (ISO 22196) and is supplied with blue ink. Available in one colour: white. Dimensions: Ø1.3 x 14 cm.

The pen operates with a push-button mechanism and features a metal clip and chrome-like trims that give it a practical look. Its ABS construction keeps it lightweight and suitable for everyday use, easy to carry in a pocket or pen pot. Care is straightforward: routine cleaning as required.

This personalised pen can be marked by tampography and digital printing. Well suited to promotional campaigns, trade shows, offices, schools, associations and corporate events. Minimum order: 500 pieces (colours and sizes combined). Free quote within 24 hours on weekdays and our design studio can vectorise or refine your logo.
