Country of origin	China
Carton	30 pieces

DESCRIPTION

The Savanna stainless-steel lunchbox combines a sturdy metal container with a natural bamboo lid, supplied with two bamboo utensils and a polyester elastic band to keep everything secure. This unisex lunch solution is compact (16 x 11 x 5.5 cm) and practical for daily use. Note that bamboo is a natural material, so individual pieces may show slight colour and grain variations. Hand-wash the bamboo parts to preserve their finish.

The low-profile lid doubles as a small tray and the utensils slot neatly under the elastic strap at the side, offering convenient transport and storage as shown in the photo. The metal container provides a durable base while the bamboo elements add a warm, tactile contrast.

This personalised lunchbox can be marked by digital printing, doming, laser engraving or pad printing. Recommended for companies, sports clubs, associations, events and private customers seeking a sustainable promotional item. The product is not available per piece: minimum order 15 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo prior to production.
