## DESCRIPTION

The Chan Bamboo insulated bottle (Ø6x25cm) pairs a stainless steel inner wall with a natural bamboo outer sleeve, suitable for keeping hot or cold drinks. Its slim, cylindrical shape and screw cap provide a secure grip and leak-resistant closure. Capacity 400 ml; main material: stainless steel; easy to clean by hand with warm water (avoid dishwasher to protect the bamboo).

As bamboo is a natural material, each bottle shows slight variations in grain and finish. The bottle features metal trims at the cap and base for durability in everyday use. Compact dimensions make it suitable for bags and cup holders; this is a non-textile item.

Customize this personalised bottle for corporate gifts, events, clubs or private customers: available marking techniques — laser engraving, pad printing, digital printing and doming. Minimum order: 13 pieces (colours and sizes combined). Our graphic studio can vectorise or refine your logo; free quote within 24 hours on weekdays. Standard production 10 working days; collection in Evere or delivery to Belgium, France and Luxembourg.

## COLOURS (1)
