Composition	Soda-lime glass
Material	Soda-lime glass
Average weight	0.361
Dimensions	Ø9 x 12CM
Country of origin	China
Carton	30 pieces

DESCRIPTION

Glass tumbler with a 350 ml capacity, made from soda–lime glass with a silicone lid and grip band. Its straight shape and single-wall construction make it lightweight and easy to hold; note that the single wall can transfer heat with very hot drinks. Dimensions Ø9 x 12 cm, suitable for office use or on-the-go drinking.

The silicone lid and band improve handling and reduce splash risk. The design is simple—no complex closures—so cleaning is straightforward when following care guidance for glass and silicone. Available in several colour options (e.g. Black, White) and supplied with a silicone grip for comfort.

This tumbler is suitable for corporate gifts, events, clubs and associations, as well as individual orders. Personalisation options include screen printing, laser engraving and pad printing. Minimum order: 15 pieces (colours and sizes combined) — this model cannot be ordered per piece. Our studio can retouch or vectorise your logo prior to marking.
