DESCRIPTION

Foldable phone stand in bamboo and PP, the Standol+ offers a compact footprint (8.5 x 3 x 0.9 cm) that slips easily into a bag or drawer. The bamboo fibre gives a natural feel and good rigidity while the polypropylene ensures durable hinge points. Suitable for everyday desk use or travel, it supports most smartphones in upright or tilted positions for video calls and hands-free viewing.

The design features a V-shaped cradle to hold the device and reinforced contact areas to reduce slipping; the folding function allows flat storage. Lightweight yet stable, it is easy to clean with a damp cloth and built for practical, frequent use.

Customisation is available by digital printing, doming or pad printing. This personalised accessory is appropriate for businesses, events, sports clubs, associations and promotional gifts. Minimum order: 250 pieces (colours and sizes combined) — smaller quantities can be arranged with additional fees. Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
