DESCRIPTION

The Beechfield unisex beanie with a round patch is made from double-layer acrylic for a soft feel and one-size fit. The knitted construction features a wide folded cuff that keeps the ears covered, while a cotton serge round patch is sewn onto the cuff to receive branding or a logo. It is easy to care for and keeps its shape after regular use, making it suitable for outdoor wear and team use.

Functionally, the folded cuff and close-knit structure provide warmth without excessive bulk. A removable label allows easy rebranding when managing multiple product ranges. The model is available in 1 colour (for example Fluorescent Yellow) and one size, convenient for versatile stock needs.

This personalised beanie can be finished by embroidery, DTF printing, flex, screen printing transfer or MSO transfer depending on the desired look. It is aimed at companies, sports clubs, associations, schools and private customers who need a practical, recognisable accessory. Personalised beanie can be customised from one piece, with logo vectorisation and studio graphic work available.
