DESCRIPTION

5-panel patch for caps, unisex and sold individually. Made from 100% cotton serge, it provides a smooth front surface ideal for clear reproduction and offers good durability in regular use. The reverse is fully covered with Rip-Strip™ hook fastening so the patch can be attached to any compatible patch-enabled cap. It is one size (One Size) and designed for 5-panel models that accept this fastening system.

The edge is overstitched for a clean, robust finish; the front face is flat and ready for crisp marking while the textured back ensures reliable attachment to hook-and-loop bases. Sold per unit, the patch lets you swap or reposition branding without replacing the whole cap.

This personalised patch can be decorated using screen printing transfers, MSO transfer, DTF printing, flex and embroidery. Suited to companies, sports clubs, associations, events and private customers looking for a removable, repeatable brand solution.
