DESCRIPTION

Unisex 5-panel trucker cap designed for everyday wear: the front panel is cotton while the rear panels are made from recycled polyester, combining structure with breathability. The classic cut and curved peak provide comfort and sun protection, and care is straightforward with light cleaning when needed. The cap is offered in several colourways, for example Black/Stone, Olive Green/Black and Slate Blue/Light Grey.

Practical details include a square cotton twill patch applied to the front panel, a mesh back for ventilation and a snapback closure for size adjustment. A detachable label makes relabelling easy after customisation.

Customise as a personalised trucker cap from one piece for companies, sports clubs, associations and private customers. Available marking techniques: screen printing (Transfert Sérigraphique), MSO transfer, DTF printing, flex and embroidery. Our design studio can retouch or vectorise your logo prior to printing.
