Brand	Bag Base
Composition	100% Polyuretane
Material	Polyurethane PU
Average weight	17 g
Label	No label
Country of origin	China
Carton	200 pieces

DESCRIPTION

Keyring made from saffiano-effect faux leather (100% polyurethane), designed for everyday use as a key accessory or bag charm. Its compact rectangular shape with stitched edges provides a tidy look and secure handling; the metal split ring and matching lobster clasp make attaching keys and small items simple. Low-maintenance and suitable for regular use.

The understated rectangle is ideal for personalisation: the fine-grain surface and flat area give a clear canvas for a crisp print or transfer. Visible stitching around the edge gives structure, while the lobster clasp adds practical convenience for attaching to bags or straps. Available in several colours, such as Navy, Soft white or Tan.

This personalised keyring can be customised from one piece and suits companies, sports clubs, associations, events and private customers. We offer: screen printing transfers, MSO transfer, DTF printing, flex. Free quote within 24 hours on weekdays; collect at our Evere workshop or delivery in Belgium, France and Luxembourg. personalised keyring
