DESCRIPTION

This women's long-line crew neck T-shirt is made from 100% cotton jersey for everyday comfort. It features short, roomy sleeves with turned cuffs that create a relaxed look while keeping the fit streamlined. Side seams improve structure and the tone-on-tone stitching provides a neat finish, making it suitable for professional or community use. Available in several colours (for example Black, Navy, Olive) and sizes XS to XXL.

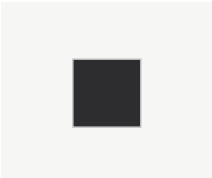

Visible details include neat tonal seams, a clean neckline and a slightly dropped shoulder that enhances ease of movement. The no-label finish makes the garment easy to rebrand. The jersey fabric is well suited to flat, flexible print methods without compromising wearability.

Personalise this personalised T-shirt using screen printing (Transfert Sérigraphique), transfer (Transfert MSO), DTF printing or flex. Recommended for companies, sports clubs, associations, schools, events and private customers — customisation is possible from one piece. Our design studio can retouch or vectorise your logo prior to production.
