## DESCRIPTION

This compact wooden tabletop Christmas tree (22 x 16.5 x 2 cm) is designed for seasonal dressing of offices, reception areas or event tables. The cut-out tree shape in painted wood forms a stable base, complemented by twelve small hanging ornaments that add detail and charm. The product is presented in a box with a transparent lid for neat storage and display.

The piece features circular cut-outs used to hang the tiny decorations and a flat base for stable placement. The ornaments are attached with small metal rings, making them easy to remove or rearrange. The decoration is lightweight and requires only occasional dusting to maintain its appearance.

This item is available from a minimum order of 25 pieces and suits organisations and individuals looking for a personalised decoration. Customisation can be done by DTF printing, screen printing on objects or pad printing; our graphic studio can retouch or vectorise your logo to ensure a clean print on wood.
