Ref. CX1360

Reference	CX1360
Composition	Rubber
Material	Rubber
Average weight	0.206
Dimensions	20 x 12 CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

Hot water bottle in rubber with a 310 ml capacity, designed to deliver localised warmth — useful in bed or on a specific part of the body. Its compact dimensions (20 x 12 cm) and flexible shape make it easy to handle and position. A knitted-style cover visible in the photo protects the surface and provides added comfort against the skin.

The visible neck and closure allow straightforward filling and a secure seal once fastened. The bottle slips easily under bedding or is placed directly onto the area to be warmed, making it practical for everyday warmth and relaxation uses.

Personalised hot water bottle suitable for companies, sports clubs, associations, events and private customers. Available decoration techniques: DTF printing, pad printing, multicolour transfer, flex or embroidery (embroidery). Minimum order: 25 pieces (colours and sizes combined). We provide a free quote within 24 hours on weekdays and offer a graphic studio to retouch or vectorise your logo.
