Dimensions	10 x 4 x 7CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

This PVC LED tree is a compact seasonal decoration designed for promotional and event use. Measuring 10 x 4 x 7 cm, it features a stylised tree shape with an LED that cycles through colours (white, blue, purple, red, yellow and green). The smooth plastic construction provides an even, diffuse glow and makes it suitable for displays on counters, tables or as part of an event set-up.

The piece stands upright on its own and requires minimal care — wipe with a dry or slightly damp cloth. Its small footprint and lack of textile components simplify storage and transport. Offered in several colour options, it adapts well to different festive colour schemes and shop displays.

Branding is available by pad printing, a precise solution for small-mark areas. Ideal for businesses, clubs, associations and promotional events looking for a personalised decoration. Note the minimum order quantity: 50 units (colours and sizes combined).
