Average weight	0.033
Dimensions	5.5 x 5.2 x 8 CM
Country of origin	China
Carton	144 pieces

DESCRIPTION

Compact wooden house decoration (5.5 x 5.2 x 8 cm) designed as a seasonal hanging ornament. The Ponia model is made from MDF with lasercut decorative panels and an internal light powered by three AG10 batteries included. Lightweight and supplied with a hanging cord, it is ideal for Christmas trees, window displays or hospitality décor.

The precise cut-outs depict trees and snowflakes, allowing a gentle glow from the internal light to shine through. Handle as a delicate item: avoid prolonged exposure to moisture and replace batteries when illumination weakens. Its small size makes it suitable for group arrangements or corporate gift sets.

This personalised decoration can be finished with laser engraving to add a logo, text or serial codes. Recommended for companies, clubs, associations, events and gift purposes. Please note the product has a minimum order quantity of 72 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; standard production and collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
