DESCRIPTION

Wooden decoration in a snowflake shape, well suited for seasonal displays, events or as a small promotional gift. The Neuy model is cut from MDF and features a clean, natural finish that showcases the material. Compact dimensions (7.9 x 7 x 0.2 cm) make it lightweight and easy to hang using the included jute cord. As MDF is a natural product, slight variations in colour and size may occur between batches.

The precise cut and punched hanging hole simplify suspension on trees, garlands or display stands. The raw surface allows for clear, accurate marking without heavy preparation, while the jute cord complements the natural look of the item.

Customisation is available by laser engraving, pad printing and screen printing on objects, suitable for companies, clubs, associations and seasonal events. This is a non-textile item with a minimum order quantity of 1500 pieces (colours and sizes combined). Our design studio can retouch and vectorise your logo before production.
