DESCRIPTION

Wooden MDF star decoration, model Esty, supplied with a jute hanging cord. At 7.9 x 6 x 0.2 cm it is well suited to Christmas trees, event decorations or small promotional giveaways. MDF is a natural material so slight variations in colour and size can occur between items, giving each piece a handcrafted look. The product is offered in a single wood finish.

The clean cut and slightly smoothed edges make the star easy to handle and hang. The jute cord is looped through a drilled hole near one point for immediate display. For care, dust with a soft cloth and avoid prolonged exposure to moisture to preserve the material.

Customisable by laser engraving, pad printing or screen printing on objects, this decoration is suitable for companies, associations, sports clubs, events and private customers seeking a natural aesthetic. Minimum order: 1500 pieces (colours and sizes combined) — smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays and graphic studio support available to prepare your artwork.
