DESCRIPTION

A tree-shaped serving platter made from a bamboo board with three porcelain ceramic dishes. The dishes nest into the board to present snacks, cheeses or sides on a compact 30 x 26.4 x 4.7 cm piece. Bamboo is a natural material and may show slight colour and grain variations; the porcelain has a smooth, easy-to-wipe surface.

The three-compartment layout keeps items separate and easy to serve; the ceramic dishes work as a set or can be removed for individual use. Care is straightforward: wipe the porcelain dishes and clean the bamboo board gently (avoid prolonged immersion).

Customize this personalised Verres et articles pour le déjeuner with laser engraving on the bamboo board for seasonal gifts, corporate presents, clubs or events. Minimum order: 5 pieces (colours and sizes combined). We provide a free quote within 24 hours on weekdays and offer an in-house design studio to vectorise your logo. Technique: laser engraving. Suitable for companies, associations, clubs and private customers.
