Composition	MDF
Material	MDF
Average weight	0.07
Dimensions	10,6 x 10,6 x 2,5CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Compact MDF star decoration (10.6 x 10.6 x 2.5 cm) designed for hanging with its cord. The star features cut-out motifs (trees, reindeer) revealing an internal LED light powered by 3 LR44 batteries (included). Supplied in one colour option (wood effect), it is lightweight and easy to hang on a tree, garland or use as a small decorative token indoors.

The wood-effect finish and cut-outs create depth and softly diffuse the LED glow. The hanging cord is secured with a metal ring; maintenance is limited to dry dusting and straightforward battery replacement. Its size and construction make it suitable for seasonal indoor use and display.

This personalised decoration can be customised by laser engraving or pad printing to add a logo, name or message. Ideal for companies, associations, clubs, events and private customers looking for a seasonal gift. Minimum order: 50 pieces (colours and sizes combined); smaller quantities may be possible with additional fees.
