DESCRIPTION

Wooden star decoration designed to hang and create a warm atmosphere with six integrated LED lights. Made from poplar and rosewood, the piece shows natural variations in colour and grain; dimensions are 7.5 x 7.5 x 2 cm and a CR2032 battery is included. Lightweight and easy to hang, it suits seasonal décor, shop displays and corporate gifts.

The Lalie model is a solid wooden ornament roughly 2 cm thick with a suspension cord. The LEDs are mounted on the surface and the wood keeps a raw, handcrafted finish; basic care is limited to dusting and avoiding prolonged exposure to moisture to preserve the material.

Customisable by laser engraving, this personalised decoration is ideal for companies, clubs, associations, events and private customers seeking a promotional or gift item produced in series. Minimum order 125 pieces (colours and sizes combined). Free quote within 24 hours on weekdays and our design studio can prepare or vectorise your logo.
