Ref. CX1541

Reference	CX1541
Composition	Glass
Material	Glass
Average weight	0.38
Dimensions	6,1 x 6 x 7,5 CM
Country of origin	China
Carton	20 pieces

DESCRIPTION

This glass Christmas bauble (model Santa Light) pairs a glass sphere with a rubberwood base, ideal as a table decoration or seasonal gift. The integrated LED provides 100 lumens and the bauble is rechargeable via the supplied 90 cm USB cable. Compact dimensions: 6.1 x 6 x 7.5 cm, intended for indoor use.

The wooden base gives a stable support and highlights the natural finish; the glass globe diffuses the light evenly and reveals the internal motif. Care is straightforward: dust with a soft cloth and avoid abrasive cleaners on glass and wood. Suitable for event décor, office displays and corporate gifts.

Personalise this personalised decoration using laser engraving or pad printing depending on the desired effect; our graphic studio can retouch or vectorise your logo prior to production. Recommended for businesses, sports clubs, associations, events and private customers. This promotional item is not available per piece: minimum order 10 units (colours and sizes combined); smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays.
