DESCRIPTION

This 250 ml rubber hot water bottle comes with a knitted jersey cover, designed to provide targeted warmth in bed or on a specific area of the body. Its flat, compact shape (22.5 x 12 x 5 cm) makes it easy to slip into a pillowcase or take on the go. The ribbed neck of the cover helps with insertion and keeps the bottle secure during use. The item is available in several colours, for example navy and red.

The jersey cover protects the bottle and reduces direct skin contact; it can be removed for cleaning according to the manufacturer's instructions. The rubber construction ensures watertightness and the flexibility needed for comfortable heat application.

Suitable as season gifts or promotional items, this hot water bottle can be personalised using embroidery, multicolour transfer, flex, digital printing or pad printing. Minimum order: 40 pieces (colours and sizes combined). Ideal for businesses, sports clubs, associations, schools and private customers. We provide a free quote within 24 hours on weekdays and a graphic studio to help adapt or vectorise your logo. personalised product
