Reference	CX1545
Composition	Glass
Material	Glass
Average weight	0.308
Dimensions	6,5 x 6,5 x 8CM
Country of origin	China
Carton	20 pieces

DESCRIPTION

This glass decoration is a snow globe with a polyr resin base, designed as a seasonal ornament or corporate gift. The glass globe contains a sculpted motif and loose flakes that move when shaken; its compact dimensions (6.5 x 6.5 x 8 cm) make it suitable for desks, displays or shelves. The base provides stability and protection for the globe, and the piece should be cared for gently with a soft cloth and without prolonged immersion.

Offered in 1 colour (for example red) under the Santisimo model, the product requires careful handling and appropriate packaging due to the glass element. Its small size allows for efficient packaging and distribution during promotions or events.

This personalised decoration can be marked by digital printing, doming or pad printing on the base, depending on the chosen location. Ideal for companies, clubs, associations and event organisers looking for a memorable seasonal gift. Minimum order: 10 pieces (colours and sizes combined). Free quote within 24 hours on weekdays, standard production and express options available, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
