Average weight	0.035
Dimensions	11,5 x 4,5 x 2CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

This Alto bottle stopper is made from a zinc alloy and features a sculpted Christmas motif, serving as a decorative finishing touch for bottles used at seasonal events or gift sets. Its compact dimensions (11.5 x 4.5 x 2 cm) and metallic finish give it a refined appearance while remaining practical for occasional use.

The lower section is a tapered metal cone fitted with flexible rings to ensure a snug seal and secure fit in the bottle neck. The raised Christmas motif provides definition and visual interest on a small scale. The stopper is hand-cleanable and designed as a festive accessory or part of a gift presentation.

Customize this personalised decoration using laser engraving or pad printing (tampography) depending on the desired result. Suitable for companies, clubs, associations, youth movements and private customers preparing seasonal gifts. Minimum order: 100 pieces (colours and sizes combined).
