DESCRIPTION

The Rovani Christmas decoration is a compact candle and light made from MDF and PET, designed to add a warm festive touch. The MDF base supports a PET dome containing a finely laser-cut scene; it runs on 3 batteries, making it easy to place without wiring. At 6.9 x 6.9 x 10.5 cm it's a discreet decorative item suitable for reception desks, offices or dining tables.

The neat finishing highlights the laser-cut details in the MDF and the dome keeps the decoration dust-free. Maintenance is straightforward — wipe the MDF with a dry cloth and replace batteries as needed. The model is available in several wood-tone options, offering a natural, crafted look.
