DESCRIPTION

Small wooden Christmas tree, model Puinen, designed to add a restrained seasonal accent to shop counters, offices or reception areas. The tree is built from staggered wooden slats on a central stem with a rectangular base for stability. Its compact dimensions (4.9 x 12 x 23 cm) make it easy to place on a shelf or desk. Care is straightforward: dust with a dry or slightly damp cloth as needed.

The piece features a star topper and angled slats that create a graphic, rustic feel. The neat joins and upright profile keep the footprint minimal, allowing several items to be displayed together without occupying much space.

Customisation is possible by laser engraving or pad printing, making this decoration suitable for companies, shops, associations and seasonal events looking for a subtle promotional item. Minimum order: 60 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; our studio can prepare the engraved or printed artwork. personalised decoration
