DESCRIPTION

Medium gift bag made from recycled paper (composition: recycled paper), designed for seasonal packaging and corporate gifts. At 25 x 11 x 32 cm it provides a practical volume for medium-sized boxes and items. The construction is lightweight and straightforward, with twisted paper handles for carrying. The material appears matt and offers suitable performance for occasional use.

The bag features a flat base and a side gusset to ease filling and keep it stable when placed down. The top edge has a reinforced fold that supports the opening and the handles during transport. Treat it as a typical paper bag: avoid moisture and store flat to preserve its shape.

This bag can be personalised by digital printing, screen printing on objects, multicolour transfer, DTF printing and flex, depending on the desired finish. Recommended for companies, clubs, associations and seasonal events. Minimum order quantity: 100 pieces (colours and sizes combined).
