Average weight	0.125
Dimensions	13,4 x 3,4 x 7,3CM
Country of origin	China
Carton	48 pieces

DESCRIPTION

Small desktop countdown calendar made from MDF, sized 13.4 x 3.4 x 7.3 cm, intended as a seasonal table decoration. The solid construction and removable number blocks make it easy to update the displayed date. It comes in several colour options and has a matt, wood-like finish suitable for reception desks or shop counters. Care is straightforward: dust with a dry cloth.

The piece comprises a rectangular base holding two interchangeable numeric cubes and a fixed decorative back element to add depth. This is not a textile product — it is entirely MDF — and its compact proportions make it practical as a corporate gift or point-of-sale item.

Customisation available by digital printing, doming, laser engraving or pad printing. A useful personalised decoration for companies, clubs, associations or seasonal events. Minimum order: 24 units (colours and sizes combined). Free quote within 24 hours on weekdays; collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
