Reference	CX1572
Composition	Glass
Material	Glass
Average weight	0.117
Dimensions	5,6 x 5,6 x 6,7CM
Country of origin	China
Carton	96 pieces

DESCRIPTION

The Landle LED candle in glass is designed as a decorative tealight-style holder (5.6 x 5.6 x 6.7 cm) supplied with a CR2032 button battery-powered LED. The glass has a frosted exterior and a metallic inner finish which enhances and reflects the LED glow for a warm ambiance without an open flame. It is simple to care for: dust off or wipe with a soft damp cloth when required.

Its cylindrical shape is sturdy and well-proportioned for grouping on tables or window sills. The removable LED unit reduces breakage and safety concerns and allows easy battery replacement. The design has no fragile handles or moving parts, making it practical for event use and displays.

This item can be personalised by screen printing, laser engraving or pad printing and is suitable for companies, clubs, hotels, seasonal campaigns and corporate gifting. Note: minimum order 48 pieces (colours and sizes combined). A practical choice as personalised candles and lights for promotions, hospitality or event giveaways.
