DESCRIPTION

The Paynt Nutcracker paint set is a wooden decorative item measuring 3.4 x 3.4 x 12 cm. The small wooden figure stands on a base and is supplied with six water-based pigments and a brush so recipients can finish it themselves. Made from wood, it is easy to paint and handle, intended for indoor display, seasonal decoration or craft activities.

Its simple silhouette and visible assembly make it convenient for painting details and for use in group workshops. The compact size suits team activities, creative sessions or event giveaways; maintenance is limited to gentle dusting after painting and optional sealing for long-term preservation.

This item can be customised by laser engraving or pad printing. Minimum order: 30 pieces (colours and sizes combined). Well suited to businesses, clubs, schools, associations and events. Our in-house design studio can vectorise or adapt your artwork for engraving or pad printing.
