DESCRIPTION

The Frosty felt gnome is a compact decorative item (5 x 10 cm) intended for seasonal displays and gift occasions. Made from recycled felt with a polyester beard and cotton stuffing mixed with quartz sand, it offers a soft touch and stable base. This is a non-textile product available in several colour options such as red, grey and green. Orders must be placed in batches (minimum 40 pieces, colours and sizes combined).

The shape features a tall pointed hat and short arms and legs, designed to stand upright on a shelf or counter. Finishings are straightforward; care consists of light dusting and spot-cleaning by hand when necessary. Avoid immersion to preserve the internal sand filling.

This personalised decoration can be branded using multicolor transfer, DTF printing or flex. Suitable for companies, sports clubs, associations, events and private customers seeking a seasonal branded item. A free quote is provided and our studio can retouch or vectorise your logo before production.
