DESCRIPTION

The Super Joly nutcracker is a decorative wooden piece made from pine and MDF, measuring 10 x 10 x 50 cm. Designed as a seasonal ornament, its tall, stable form suits placement on a mantelpiece, table or display shelf. The wooden construction gives it structural integrity while keeping it light enough for easy handling. Care is straightforward: dust with a dry or slightly damp cloth.

Details include a sculpted crown, a small drum and an attached beard, with painted finishes and assembled components that provide a refined indoor appearance. The square base ensures steadiness and the visible joins are neatly executed for decorative use. There are no delicate removable parts requiring special maintenance beyond gentle cleaning.

Customisation is available by laser engraving and pad printing, making this nutcracker suitable for businesses, associations, clubs and events seeking branded seasonal decor. Minimum order: 5 pieces (colours and sizes combined). Our graphic studio can vectorise or retouch your logo prior to marking. Ideal as a personalised decoration for corporate gifts or reception displays.
