DESCRIPTION

Acacia serving board in a Christmas tree shape designed for presenting cheeses, antipasti or small dishes. The Arbeto model measures 29.8 x 20 x 1 cm and features a cut-out handle for easy carrying. Acacia wood provides solid everyday performance while remaining lightweight and pleasant to the touch; hand cleaning is recommended to maintain the material.

The tree silhouette and the inset handle are useful details that make serving simpler. Slightly rounded edges and the 1 cm thickness give stable support on the table. The item is offered in several natural wood finishes.

Customisation is available by laser engraving. This personalised serving board is suitable for companies, restaurants, clubs, associations, events and private customers seeking a refined gift or promotional item. Minimum order: 15 pieces (colours and sizes combined).
