DESCRIPTION

This women's tunic features a contemporary cut designed for comfort during long shifts. Made of 95% polyester and 5% elastane, the fabric offers slight stretch for freedom of movement. The tunic has a V-neck, short sleeves and shoulder panels that shape the garment. It comes in several colours and sizes XXS to 3XL, making it suitable for medical and care teams seeking a professional, practical uniform.

Functional details include two patch pockets, a pen slot with a utility twill tape, instrument loops on the right shoulder and an elastic loop inside the left pocket, plus lateral ventilation for improved breathability. The woven label and branded twill inside the collar are discreet finishing touches that support durability and fit. The polyester blend ensures easy care appropriate for frequent washing in professional settings.

This personalised tunic can be customised from one piece. Available marking techniques: transfer screen printing, MSO transfer, DTF printing, flex and embroidery. Our graphic studio can retouch or vectorise your logo and include the marking cost in the quote.
