DESCRIPTION

This unisex V-neck tunic is designed for medical and care settings and is made of 55% cotton and 45% polyester with a 150 g/m² weight. The cut provides comfort during long shifts and includes a chest pocket with a pen slot and side vents that improve mobility and breathability. A cotton serge tape with the brand logo is sewn at the neck for a neat finish.

Functional details include short sleeves, a roomy V-neck and clean hems; the side vents enhance airflow while maintaining the garment's shape. The tunic is available in several colours, for example Black, Navy and White, and sizes range from XXS to 3XL.

This personalised tunic can be ordered from a single piece and suits businesses, clinics, clubs and private customers. We can apply logos by screen printing, DTF printing, flex and embroidery, and our studio can retouch or vectorise your artwork. Request a free quote on weekdays.

KEY FEATURES

- Pleasant to wear all day long.
