Material	Polyester, Elastane
Fabric weight	320 g/m²
Average weight	700 g
For	Men's
Label	Sewn-in label
Country of origin	China
Carton	10 pieces

DESCRIPTION

Men's softshell bodywarmer with a straight cut, built for outdoor use thanks to the U-Tex membrane that makes the fabric waterproof, breathable and windproof. Constructed from polyester with elastane and a soft microfleece lining for warmth and ease of movement. The high collar improves neck protection and the technical fabric keeps maintenance straightforward.

The garment features a central waterproof zip, an extended back and multiple practical pockets: two zippered front pockets, a chest phone pocket with Free Sound technology and two large inner pockets. Reflex inserts and a reflective band on the back of the collar enhance visibility. An internal drawcord with stopper allows waist adjustment.

This personalised bodywarmer can be ordered from a single piece and is available in several colours, including Asphalt Grey, Black Carbon and Deep Blue. Personalisation options include DTF printing, screen printing transfers, MSO transfers, flex and embroidery — ideal for companies, sports clubs, associations, events and private customers.

KEY FEATURES

- Suitable for the outdoors thanks to U-Tex waterproof and wind breaker technology.
- Practical with multiple pockets.
