Brand	U-Power
Composition	86% Nylon, 14% Elastane
Material	Nylon
Fabric weight	140 g/m²
For	Men's
Country of origin	China
Carton	10 pieces

DESCRIPTION

Men's slim-fit trousers in U-4 fabric (86% nylon, 14% elastane) combining stretch for mobility with a soft yet durable finish. The material is water-repellent and breathable, making these trousers suitable for professional use where comfort and protection are required. They are offered in several colours (Asphalt Grey, Black Carbon, Deep Blue) and sizes XS to 5XL.

Design details visible include an elasticated waistband with a concealed tightening system, a rear panel for lumbar support and reinforced lower legs in polyoxford 300D. Multiple functional pockets — including a tool pocket and concealed zipped pockets — and reinforced seams increase usability and longevity. Care is straightforward for technical textiles (follow garment label).

These personalised trousers can be ordered from one piece and are ideal for companies, clubs, associations and individuals seeking technical workwear. Customisation techniques available: embroidery, DTF printing, flex, screen printing, transfer, embroidered patches, pad printing or digital printing. Free quote and graphic studio offered to prepare your logo.
